

FileMaker Web Hosting Made Easy

Hosting your FileMaker database should be simple. At FMGateway we work hard to provide a worry free experience. FileMaker hosting allows your data to be accessed worldwide via custom web publishing or remote access. We are also serious when it comes to safety, and that's why we chose to house our servers at the prestigious One Wilshire data center, which houses most of the world's most powerful networks.

Richmond, VA - January 02, 2008 - FMWebschool, Inc. FileMaker Web Hosting Made Easy. FMWebschool is proud to announce their new hosting company FMGateway. Over the past 8 years FMWebschool has provided the FileMaker community with exceptional web publishing resources and has developed and deployed over 400 FileMaker driven websites. FMWebschool is using this incredible wealth of knowledge to provide you with an exceptional hosting experience.

We think that experience matters. Our staff is made up entirely of web experts with expertise in numerous web and classical programming languages. FMGateway was developed as a quick and easy way to make your data available worldwide immediately. FMGateway offers:

- Ease of use
- Security
- Daily Back-ups
- Inexpensive Hosting Plans
- Powerful 'Plesk' control panel to manage your website
- Our own web-based Database Management system – enables you to back-up, add, remove, upload your database files 24/7

FMGateway offers 3 Hosting plans with free set-up. All plans also come with a standard hosting plan for your website. FMGateway also offers E-commerce services with their FileMaker drive Dolphin Cart Pro solution.

FMGateway customers also receive special hosting prices when they purchase our Dolphin Cart Pro. Dolphin Cart Pro is an elegant shopping cart that enables you to quickly display your products and services on the web. Dolphin Cart is delivered with a powerful FileMaker database system that gives you complete control over the look, feel and content of the website. The clean interface allows customers to quickly navigate

through the pages and make their purchases. Administrators completely control every aspect of the site through FileMaker, which means absolutely no web programming. <http://www.fmwebschool.com/dolphincartpro.php>

FMGateway hosts the live demonstration site 'Stillman Photography' powered by FileMaker and Dolphin Cart Pro. <http://dolphincart.fmgateway.com/pro/> to see the advanced features of the example website, please create a demo account.

Let FMGateway take care of all of your hosting needs. Contact the experts and let us show you how easy it is to host your FileMaker databases. Hosting plans from \$24.99.
